**Terrace Construction Acquires AQUA-PIPE® License for Ohio State**

---

Mr. Alain Sauriol, President of Sanexen Environmental Services Inc. (Sanexen), is pleased to welcome Terrace Construction as an AQUA-PIPE® licensee.

Terrace Construction, headquartered in Cleveland, will install the AQUA-PIPE® product in the State of Ohio. For more than 25 years, Terrace Construction has been involved in many projects using trenchless technologies. Mr. Jeffrey E. Nock, President of Terrace Construction, believes that his company's expertise in water main lining will contribute to the growth of the AQUA-PIPE® product and activities in the State of Ohio.

Sanexen is a leader in both environmental services and trenchless rehabilitation with over 350 miles of rehabilitated water mains in North America in the past 10 years.
